

Interest Networks

Government Affairs Network

Provides thought leadership around NCTA's annual Legislative Agenda, which incorporates an enterprise approach on issues that include tax and regulatory, education and connectivity, as well as jobs and economic development. NCTA also plans special events with public sector leaders. Meetings will be held as needed via in-person or conference calls. Will meet as needed.

Cyber Security Network

Provides a forum for NCTA member companies to gather and share corporate best practices for cyber security. Engages business experts and public sector leaders in helping to educate NCTA members so they might better prepare their companies, organizations and communities in mitigating ongoing IT security risks that they are sure to face in the future. Will meet twice a year.

Government Vendor Network

Provides an open forum for information sharing between vendors and state government representatives and is the primary source for vendor networking and information gathering. Government Vendor also offers dialogue with policy makers to gauge what challenges they face that technology might help solve, so that NCTA members can explore how best to offer potential solutions. If your company sells to the state of North Carolina then you should participate. Will meet four times a year.

Green Technology Network

NCTA supports North Carolina becoming a national leader in the creation of green companies and encouraging environmental stewardship. We will engage our member companies to develop a strategy around green awareness and best practices. In addition, we will advocate for policies that support incentives, funding and support for green technology companies. Will meet twice a year.

Knowledge Workforce Network

Provides thought leadership, advocacy and action for building world-class, well-educated students and workers to make North Carolina a thriving hub for globally competitive companies. Will meet twice a year.
